

Regulations for Mingler Scholarship

Article 1: General

1. The Mingler Scholarship, hereafter referred to as 'the Scholarship', originated from Mingler network, an initiative of the Society of Arts and The Young Academy, both part of the Royal Netherlands Academy of Arts and Sciences. It has been developed in order to give starting artscience collaborations (in and outside the Mingler network) a first financial incentive. The idea behind the Scholarship is that it encourages interaction and synergies in scientific and artistic research. It aims to make sharing knowledge and skills between different professionals easier, more adventurous and richer. The Scholarship is based on the thought that art, sciences and humanities share creativity, fascination and dedication. It enables collaboration beyond the disciplines to realize plans that stretch beyond the knowledge and imagination of the individual – whilst actively preserving individual qualities and quirks.
2. The Scholarship will be made available yearly in the coming three years (2019, 2020, 2021) by the Society of Arts (hereafter AvK) and The Young Academy (hereafter DJA) of the Royal Netherlands Academy of Arts and Sciences (KNAW). The Scholarship is funded by the Niemeijer Foundation.
3. The Scholarship is aimed to give financial support to a new collaboration project between (an) artist(s) and (a) scientist(s). The Scholarship consists of a sum of € 10,000 (ten thousand euros), issued by the Niemeijer Foundation.

Article 2: Conditions for application

1. The application must be jointly submitted by at least one researcher and at least one artist.
2. The application complies with the general purpose of the Scholarship, as described in article 1.
3. The time frame has to be realistic. The project has to start within three months after the Scholarship is awarded. The project has to end within 12 months after the starting date. After awarding the Scholarship, the applicants will receive 80 percent of the total amount in advance and 20 percent of the total amount after a financial and informative report of the project.
4. If the project takes longer or is delayed, than the applicants must submit a reasoned extension request letter to the secretary of the AvK (hereafter referred to as 'Secretary') and ask for leniency of the project's deadline. The Secretary decides whether the request will be honored.
5. The operating budget must be sound. The budget should relate to activities, operating costs and investments that are directly related to the project. Indirect material costs, such as purchasing computers, laptops, clothing, equipment and literature are not eligible.
6. The application should not relate to the fees of the applicant(s) themselves, except for a compensation in the time investment of artists who are self-employed and registered at the Chamber of Commerce.
